

TITLE	
CASE REPORT	
1	A case of HBV/HCV coinfection: an unexpected aftermath
2	A case of Marfan syndrome identified upon ophthalmological examination
3	A Happy Ending To Boerhaave Syndrome- Case Report
4	A rare case of peritoneal high-grade serous ovarian type carcinoma with BRCA1 mutation
5	Abdominal and Back Pain after Roux en Y Gastric-By-Pass – Do Not Forget Internal Hernia !
6	Abdominal bruits revealing a hidden serious complication of rheumatoid arthritis: the importance of complete physical examination
7	An unusual case of Chronic Inflammatory Demyelinating Polyneuropathy associated with seronegative Churg-Strauss vasculitis
8	Aortic valvulopathy in ochronosis
9	Arterial Disease with Multiple Locations and the Heart Team Decisions
10	Assesing the etiology of intestinal intramural hematomas in a psychiatric patient
11	Atypical case of multidermatomal herpes zoster in immunocompetent patient
12	Atypical Severe West Nile Meningoencephalitis. Case Report
13	Bearing the flame: mevalonate kinase deficiency
14	Cardiac transthyretin amyloidosis – Does genetic screening testing of at-risk asymptomatic family members make a prognostic difference?
15	Case report : Malignant melanoma
16	Case Report: Bowel obstruction due to Phytobezoar in a Parkinson's disease patient
17	Clinical analysis of fever in associated pathologies
18	CNS mixed Germ Cell Tumor (GCT) peritoneal seeding: Case presentation and literature review
19	Complete Androgen Insensitivity Syndrome – case report
20	Complications of a ST-elevation acute myocardial infarction
21	Difficulties Encountered in the Management of Cardiac Failure in Patient with Multiple Comorbidities
22	Does the addition of BiTE technology to the classic HSCT significantly improve clinical course in B-ALL?
23	Endovascular approach of Acute Ischemic Stroke with tandem occlusion - Case Report
24	From a diagnosed Pneumonia to an actual case of Lupus
25	Hamman's syndrome as part of the chest pain differential diagnosis
26	Hearing the Unheard. Intricacies in Treacher Collins Syndrome- Case Report and Evolution in Time
27	Impalement injury - case report
28	Incidental findings of an advanced, infected, asymptomatic hydatid cyst of a former shepherd
29	Insight into the management of Multiple Urothelial Carcinoma
30	Kleefstra Syndrome - a rare cause of intellectual disability

31	Left Ventricular Non-Compaction Cardiomyopathy: Incidental Diagnosis after an Acute Pulmonary Edema
32	Losing your sight. A rare case of Devic's disease
33	Malignant disease- cause of the renal dysfunction. Case report
34	Malignant transformation of a pancreatic cyst after acute pancreatitis: 15 years follow-up
35	Metastatic Colorectal Cancer- An Unexpected Journey
36	Novel Multimodal Approach for Malignant Melanoma in the Metastatic Setting
37	Pallister-Killian Syndrome: An Unacknowledged Cause Of Epilepsy
38	Permanent diabetes insipidus and traumatic brain injury: is there a link?
39	Post trabeculectomy choroidal effusion in a young patient with Sturge Weber Syndrome
40	Pseudoradicular syndrome: The importance of anamnesis and clinical status
41	Rare association of neoplastic diseases- being blinded by one diagnosis
42	Relapsing polychondritis - a challenging diagnosis
43	RENAL ARTERY STENOSIS: EXTREME THERAPEUTIC MEASURES FOR A CRITICAL CLINICAL SITUATION
44	Sacroccygeal Teratoma - from Prenatal Diagnosis until Therapeutic Procedure. Case Report
45	Severe congenital candidiasis leading to death in a preterm infant
46	The diagnostic challenges in osteoarticular tuberculosis
47	The Eisenmenger syndrome - a piece of cake?
48	The importance of endoscopic ultrasound in establishing the correct diagnosis – a case series
49	Uncommon site for endometriosis: the Canal of Nuck
50	Variable clinical features in DiGeorge syndrome: a comparison of two clinical cases
51	When Old Diseases Strike Back - A Fascinating Lemierre's Syndrome Case
