

Surname	First name	Type	First Category Workshop	Second Category Workshop	Conference
Ahmadinei	Anastasia	Passive	WS12 - Thursday - 16:30-20:00 - Obstetrics and Gynaecology workshop	WS73 - Friday - 18:00-20:00 - Clinical Case: Dermatology	C04 - Friday - 11:00-13:00 - DDH- Development and dysplasia of the hip
ahse	miriam	Passive	WS32 - Saturday - 08:00-13:00 - RSSS mini Skills in Bowel Surgery	WS70 - Friday - 16:00-18:00 - Essential Microbiology Techniques	C04 - Friday - 11:00-13:00 - DDH- Development and dysplasia of the hip
Ahmed	Sarah Alexandra	Active	WS506 - Thursday - 16:30-20:00 - RSSS mini Skills in Hepato-Biliary Surgery	WS67 - Friday - 16:00-18:00 - Clinical Case: Endocrinology	C03 - Thursday - 17:00-19:00 - Surgeon opinions vs patient's features: how to choose the best breast reconstructive option!
Ahmed	Naeem Hussain	Passive	WS544 - Saturday - 16:30-20:00 - RSSS Knots & Sutures	WS73 - Friday - 18:00-20:00 - Clinical Case: Dermatology	C06 - Friday - 16:00-18:00 - Trauma assessment and management
Abdulmaged	All	Passive	WS504 - Thursday - 16:00-18:00 - Healthcare Informatics- Cardiology	WS64 - Friday - 1:30-13:30 - Clinical Case: Rheumatology	C06 - Friday - 16:00-18:00 - Trauma assessment and management
Abdulrahman	Mohamed	Passive	WS505 - Thursday - 16:00-18:00 - Abdominal Ultrasound in Emergency Situations	WS51 - Thursday - 08:30-10:30 - Clinical Case: Urology	C06 - Friday - 16:00-18:00 - Trauma assessment and management
Abdulrahman	Abdulrahman	Passive	WS542 - Saturday - 16:00-20:00 - Trauma evaluation and management for medical students	WS91 - Saturday - 11:30-13:30 - Clinical Case: General Surgery	C06 - Friday - 16:00-18:00 - Trauma assessment and management
Abdulwadud	Zahraa	Passive	WS517 - Friday - 11:00-13:00 - Thyroid Ultrasound	WS92 - Saturday - 11:30-13:30 - Clinical Case: Nephrology	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Abu Hail	Alaa	Passive	WS545 - Saturday - 16:30-20:00 - RSSS mini Skills in Cardiovascular Surgery: Coronary Bypass	WS68 - Friday - 16:00-18:00 - Clinical Case: Psychiatry	C03 - Thursday - 17:00-19:00 - Surgeon opinions vs patient's features: how to choose the best breast reconstructive option!
Abu Abed	Sara	Passive	WS527 - Friday - 16:30-20:00 - RSSS mini Skills in Eso-Gastric Surgery	WS91 - Saturday - 11:30-13:30 - Clinical Case: General Surgery	C10 - Saturday - 17:00-19:00 - A general review of different topics of surgery
Abu Nasser	Shaden	Passive	WS527 - Friday - 16:30-20:00 - RSSS mini Skills in Eso-Gastric Surgery	WS91 - Saturday - 11:30-13:30 - Clinical Case: General Surgery	C10 - Saturday - 17:00-19:00 - A general review of different topics of surgery
Agayemang	Joyce Abigail Afua	Passive	WS524 - Friday - 16:00-20:00 - Neonatal Advanced Life Support	WS533 - Thursday - 09:00-11:00 - Clinical Case: Paediatric Surgery	C01 - Thursday - 12:00-14:00 - 3D Printing in Medicine: The New Age of Personalised Treatment
Agayemang	Yasmine	Passive	WS520 - Friday - 16:00-18:00 - Healthcare Informatics- Oncology	WS96 - Saturday - 16:00-20:00 - Healthcare innovation for medical students	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Ahmed	Taleen	Passive	WS543 - Saturday - 16:30-13:30 - Cardiac Auscultation	WS90 - Saturday - 11:30-13:30 - Clinical Case: Cardiology (Endorsed by the Young Cardiologists' Club of the Romanian Society of Cardiology)	C05 - Friday - 11:00-13:00 - What about sports cardiology?
Ahmed	Abrar	Passive	WS536 - Saturday - 09:30-13:30 - Trauma evaluation and management for medical students	WS53 - Thursday - 09:00-11:00 - Clinical Case: Paediatric Surgery	C06 - Friday - 16:00-18:00 - Trauma assessment and management
Ahmed	Hajir	Passive	WS517 - Friday - 11:00-13:00 - Thyroid Ultrasound	WS51 - Thursday - 08:30-10:30 - Clinical Case: Urology	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Al Rabieeh	Ahmed	Passive	WS522 - Friday - 16:00-20:00 - Basic Skills in Laparoscopic Surgery	WS72 - Friday - 16:00-18:00 - How to read an X-ray	C09 - Saturday - 12:00-14:00 - Digital health trends
Al Toufaily	Hussein	Passive	WS530 - Friday - 17:00-20:00 - RSSS Knots & Sutures	WS94 - Saturday - 16:00-18:00 - Mindfulness	C01 - Thursday - 12:00-14:00 - 3D Printing in Medicine: The New Age of Personalised Treatment
al ani	Ibtia	Passive	WS536 - Saturday - 09:30-13:30 - Trauma evaluation and management for medical students	WS95 - Saturday - 16:00-18:00 - The Basics of Brain MRI, with a Twist	C10 - Saturday - 17:00-19:00 - Surgeon opinions vs patient's features: how to choose the best breast reconstructive option!
Al-aseale	Omar	Passive	WS517 - Friday - 11:00-13:00 - Thyroid Ultrasound	WS51 - Thursday - 08:30-10:30 - Clinical Case: Urology	C03 - Thursday - 17:00-19:00 - Surgeon opinions vs patient's features: how to choose the best breast reconstructive option!
Al-Ayoubi	Mohammed	Passive	WS520 - Saturday - 11:00-13:00 - Soft Tissue Ultrasound	WS95 - Friday - 16:00-18:00 - How to read an X-ray	C04 - Friday - 11:00-13:00 - DDH- Development and dysplasia of the hip
Al-Hadry	Yousif	Passive	WS542 - Saturday - 16:00-20:00 - Trauma evaluation and management for medical students	WS95 - Friday - 1:30-13:30 - The importance of microscopy techniques in establishing the etiology of multiorgan fungal infections	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Al-Batai	Gaber	Passive	WS536 - Saturday - 09:30-13:30 - Trauma evaluation and management for medical students	WS95 - Saturday - 10:00-18:00 - The Basics of Brain MRI, with a Twist	C03 - Friday - 10:00-20:00 - Role of amyloid-beta peptide in synaptic plasticity and memory: from physiology to Alzheimer's disease
Al-Banais	Noor	Passive	WS542 - Saturday - 16:00-20:00 - Trauma evaluation and management for medical students	WS99 - Saturday - 11:30-13:30 - Clinical Case: General Surgery	C06 - Friday - 16:00-18:00 - Trauma assessment and management
Al-Chalebi	Khath	Passive	WS542 - Saturday - 16:00-20:00 - Trauma evaluation and management for medical students	WS88 - Saturday - 10:00-12:00 - Clinical Case: Oncology	C04 - Friday - 11:00-13:00 - DDH- Development and dysplasia of the hip
Alexakis	Chalik	Passive	WS507 - Thursday - 16:00-20:00 - Basic Skills in Laparoscopic Surgery	WS81 - Friday - 18:00-20:00 - Clinical Case: Pulmonology	C06 - Friday - 16:00-18:00 - Trauma assessment and management
Alexandruia	Camelia	Active	WS541 - Saturday - 16:00-20:00 - Basic Skills in Microsurgery	WS78 - Friday - 16:30-18:30 - Basic Ophthalmology Skills	
Alexei	Laura	Passive	WS549 - Sunday - 08:00-13:00 - RSSS mini Skills in Plastic and Reconstructive Surgery	WS82 - Friday - 18:00-20:00 - Synaptic plasticity and memory in physiological conditions and neurodegenerative disorders: a multidisciplinary approach from bench to bedside	C03 - Thursday - 17:00-19:00 - Surgeon opinions vs patient's features: how to choose the best breast reconstructive option!
Al-Hadeethi	Ben	Passive	WS544 - Saturday - 16:30-20:00 - RSSS Knots & Sutures	WS76 - Friday - 16:00-20:00 - Paricalcaneal results assessment in a patient	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Al-Hamidi	Ahmed	Passive	WS526 - Friday - 16:30-20:00 - RSSS mini Skills in Cardiovascular Surgery: Aortic Valve Replacement	WS60 - Thursday - 17:00-19:00 - Interventional Radiology	C01 - Thursday - 12:00-14:00 - 3D Printing in Medicine: The New Age of Personalised Treatment
Al-Hamidi	Yousef	Passive	WS526 - Friday - 16:30-20:00 - RSSS mini Skills in Cardiovascular Surgery: Aortic Valve Replacement	WS60 - Thursday - 17:00-20:00 - Interventional Radiology	C08 - Saturday - 10:00-12:00 - Adaptive Cell Transfer - A new step in treating haematological malignancies
Ahassan	Ebrahim	Passive	WS504 - Thursday - 16:00-18:00 - Healthcare Informatics- Cardiology	WS70 - Friday - 16:00-18:00 - Essential Microbiology Techniques	C05 - Friday - 11:00-13:00 - What about sports cardiology?
All	Alaa	Passive	WS535 - Saturday - 09:30-12:30 - Soft Tissue Ultrasound	WS67 - Friday - 16:00-18:00 - Clinical Case: Endocrinology	C04 - Friday - 11:00-13:00 - DDH- Development and dysplasia of the hip
Al-Kawaz	Asya	Passive	WS539 - Saturday - 16:00-18:00 - Healthcare Informatics- Neurology	WS85 - Saturday - 09:00-11:00 - Clinical Case: Neurology	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Al-Khafaji	Mohammed Hasan	Passive	WS535 - Saturday - 09:30-12:30 - Soft Tissue Ultrasound	WS62 - Friday - 11:00-13:00 - Clinical Case: Forensic Medicine	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Al-Maqsoodi	Safulah	Passive	WS517 - Friday - 11:00-13:00 - Thyroid Ultrasound	WS51 - Thursday - 08:30-10:30 - Clinical Case: Urology	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Al-Qazzaz	Ahmed	Passive	WS507 - Thursday - 16:00-20:00 - Basic Skills Laparoscopic Surgery	WS51 - Thursday - 08:30-10:30 - Clinical Case: Urology	C10 - Saturday - 17:00-19:00 - A general review of different topics of surgery
Alroweisi	Cusat	Passive	WS542 - Saturday - 16:00-20:00 - Trauma evaluation and management for medical students	WS588 - Saturday - 10:00-12:00 - Clinical Case: Oncology	C04 - Friday - 11:00-13:00 - DDH- Development and dysplasia of the hip
Al-Sabti	Ali	Passive	WS513 - Thursday - 16:00-20:00 - Trauma Management	WS78 - Friday - 16:30-18:30 - Basic Ophthalmology Skills	C01 - Thursday - 12:00-14:00 - 3D Printing in Medicine: The New Age of Personalised Treatment
Al-Saffar	Salim	Passive	WS527 - Friday - 16:30-20:00 - RSSS mini Skills in Eso-Gastric Surgery	WS56 - Thursday - 16:00-18:00 - Clinical Case: Orthopaedics	C05 - Friday - 11:00-13:00 - What about sports cardiology?
Al-Suwaid	Shams	Passive	WS538 - Saturday - 10:00-12:00 - Axillary Dissection	WS56 - Friday - 16:00-18:00 - Biochemistry	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Al-Yousef	Hussein	Passive	WS538 - Saturday - 10:00-12:00 - Axillary Dissection	WS89 - Friday - 16:00-18:00 - Biochemistry	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Amanat	Alexandra	Passive	WS509 - Thursday - 16:00-20:00 - Cardiac Informatics- Neurology	WS89 - Saturday - 10:00-12:00 - Clinical Case: Oncology	C07 - Friday - 16:00-18:00 - Role of amyloid-beta peptide in synaptic plasticity and memory, from physiology to Alzheimer's disease
Amrani	Andrea	Passive	WS511 - Thursday - 16:00-20:00 - RSSS mini Skills in Kidney Surgery	WS99 - Saturday - 11:30-13:30 - Clinical Case: General Surgery	C01 - Thursday - 12:00-14:00 - 3D Printing in Medicine: The New Age of Personalised Treatment
Andrade	Andrea Raluca	Passive	WS543 - Saturday - 16:00-20:00 - Trauma evaluation and management for medical students	WS88 - Saturday - 10:00-12:00 - Clinical Case: Oncology	C04 - Friday - 11:00-13:00 - DDH- Development and dysplasia of the hip
Andreas	Arsene	Passive	WS514 - Thursday - 16:00-20:00 - Healthcare Informatics- Cardiology	WS52 - Thursday - 09:00-11:00 - Immunohistochemistry	C04 - Friday - 11:00-13:00 - DDH- Development and dysplasia of the hip
Andrei	Andi Mihai	Passive	WS503 - Thursday - 16:00-18:00 - 3D Printing in Medicine	WS82 - Friday - 16:00-20:00 - Synaptic plasticity and memory in physiological conditions and neurodegenerative disorders: a multidisciplinary approach from bench to bedside	C08 - Saturday - 10:00-12:00 - Adaptive Cell Transfer - A new step in treating haematological malignancies
Andrei	Laura	Passive	WS502 - Saturday - 09:30-11:30 - Sleep and respiratory care - CoughAssistE70	WS70 - Friday - 16:00-18:00 - Essential Microbiology Techniques	C05 - Friday - 11:00-13:00 - What about sports cardiology?
Andrei	Bianca	Passive	WS530 - Friday - 17:00-20:00 - RSSS Knots & Sutures	WS96 - Saturday - 16:00-20:00 - Healthcare innovation for medical students	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Andreou	Cristian	Passive	WS513 - Thursday - 16:00-20:00 - Trauma Management	WS95 - Saturday - 16:00-18:00 - The Basics of Brain MRI, with a Twist	C01 - Thursday - 12:00-14:00 - 3D Printing in Medicine: The New Age of Personalised Treatment
Andres	Diana	Active	WS543 - Saturday - 16:30-20:00 - Cardiac Auscultation	WS73 - Friday - 16:00-18:00 - My career options - Becoming the best doctor	C01 - Thursday - 12:00-14:00 - 3D Printing in Medicine: The New Age of Personalised Treatment
Andrikaki	Ioanna Myrto	Passive	WS502 - Thursday - 16:00-20:00 - Sleep and respiratory care - CoughAssistE70	WS89 - Saturday - 11:30-13:00 - Basic Life Support	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Andronic	Luisa	Passive	WS515 - Friday - 09:30-11:00 - Sleep and respiratory care - Types of mechanical ventilation	WS76 - Friday - 16:00-20:00 - Paricalcaneal results assessment in a patient	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Angeliki	Maria	Passive	WS518 - Saturday - 16:00-20:00 - Healthcare Informatics- Neurology	WS59 - Friday - 16:00-18:00 - Biochemistry	C07 - Friday - 16:00-18:00 - Role of amyloid-beta peptide in synaptic plasticity and memory, from physiology to Alzheimer's disease
Angeliki	Ariana-Hristina	Passive	WS501 - Saturday - 16:00-20:00 - Clinical Case: Cardiology	WS77 - Friday - 16:00-18:00 - Clinical Case: Infectious Diseases	C01 - Thursday - 12:00-14:00 - A general review of different topics of surgery
Angeliki	Ioana	Passive	WS542 - Saturday - 16:00-20:00 - Trauma evaluation and management for medical students	WS99 - Saturday - 11:30-13:30 - Clinical Case: Cardiology (Endorsed by the Young Cardiologists' Club of the Romanian Society of Cardiology)	C04 - Saturday - 12:00-14:00 - Digital health trends
Angoller	Olega	Passive	WS543 - Saturday - 16:00-20:00 - Cardiac Association	WS69 - Friday - 16:00-18:00 - Biochemistry	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Antoniu	Pioarento	Passive	WS510 - Thursday - 16:00-20:00 - Basic Clinical Techniques	WS69 - Friday - 16:00-18:00 - Biochemistry	C10 - Saturday - 17:00-19:00 - A general review of different topics of surgery
Antonie	madalina	Passive	WS537 - Saturday - 10:00-12:00 - Heart Dissection	WS69 - Friday - 16:00-18:00 - Biochemistry	C10 - Saturday - 17:00-19:00 - A general review of different topics of surgery
Arabu	Gabriel	Passive	WS530 - Friday - 17:00-20:00 - RSSS Knots & Sutures	WS54 - Thursday - 11:00-13:00 - Breast Pathology	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Arifun	Bryan	Passive	WS520 - Friday - 16:00-18:00 - Healthcare Informatics- Oncology	WS88 - Saturday - 10:00-12:00 - Clinical Case: Oncology	C05 - Friday - 11:00-13:00 - What about sports cardiology?
Armasali	Adesina	Passive	WS507 - Thursday - 16:00-20:00 - Basic Skills Laparoscopic Surgery	WS82 - Friday - 16:00-20:00 - Synaptic plasticity and memory in physiological conditions and neurodegenerative disorders: a multidisciplinary approach from bench to bedside	C01 - Thursday - 12:00-14:00 - 3D Printing in Medicine: The New Age of Personalised Treatment
Arsene	Andrea	Passive	WS544 - Saturday - 16:30-20:00 - RSSS Knots & Sutures	WS76 - Friday - 16:00-20:00 - Paricalcaneal results assessment in a patient	C08 - Saturday - 10:00-12:00 - Adaptive Cell Transfer - A new step in treating haematological malignancies
Asavei	Stefania Madalina	Active	WS506 - Thursday - 16:00-20:00 - RSSS mini Skills in Hepato-Biliary Surgery	WS73 - Friday - 16:00-18:00 - My career options - Becoming the best doctor	
Asla	Wadeea	Active	WS527 - Friday - 16:30-20:00 - RSSS mini Skills in Eso-Gastric Surgery	WS56 - Friday - 16:00-18:00 - The basics of Brain MRI, with a Twist	
Atamna	Noor	Passive	WS527 - Friday - 16:00-18:00 - RSSS mini Skills in Eso-Gastric Surgery	WS88 - Saturday - 10:00-12:00 - Clinical Case: Oncology	C10 - Saturday - 17:00-19:00 - A general review of different topics of surgery
Atamna	Peter	Passive	WS501 - Saturday - 16:00-20:00 - RSSS mini Skills in Eso-Gastric Surgery	WS56 - Friday - 16:00-18:00 - The Basics of Brain MRI, with a Twist	C03 - Thursday - 12:00-14:00 - A general review of different topics of surgery
Ataseki	Maria-Adriana	Passive	WS521 - Friday - 16:00-18:00 - Abdominal Ultrasound	WS95 - Saturday - 09:00-11:00 - Clinical Case: Neurology	C04 - Saturday - 12:00-14:00 - A general review of different topics of surgery
Attri	Jenika Karan Veer	Passive	WS531 - Friday - 16:00-20:00 - Healthcare Informatics- Oncology	WS96 - Saturday - 16:00-20:00 - Healthcare innovation for medical students	C05 - Friday - 11:00-13:00 - What about sports cardiology?
Augustin	Fernanda Ecaterina	Passive	WS550 - Sunday - 08:00-13:00 - RSSS mini Skills in Gynaecology	WS97 - Saturday - 16:00-20:00 - Clinical Case: Emergency	C08 - Saturday - 10:00-12:00 - Adaptive Cell Transfer - A new step in treating haematological malignancies
Avatobali	Simin	Passive	WS533 - Saturday - 08:00-13:00 - RSSS mini Skills in Septostomy	WS81 - Friday - 18:00-20:00 - Clinical Case: Pulmonology	C10 - Saturday - 17:00-19:00 - A general review of different topics of surgery
Azapi	Anas	Passive	WS506 - Saturday - 16:00-20:00 - RSSS mini Skills in Hepato-Biliary Surgery	WS52 - Friday - 16:00-18:00 - How to read an X-ray	C05 - Friday - 11:00-13:00 - What about sports cardiology?
Baciu	Beatrice	Passive	WS507 - Thursday - 16:00-20:00 - Basic Skills in Laparoscopic Surgery	WS81 - Friday - 18:00-20:00 - Clinical Case: Pulmonology	C06 - Friday - 16:00-18:00 - Trauma assessment and management
Bacoasă	Eduard-Iosif	Passive	WS520 - Friday - 16:00-18:00 - Healthcare Informatics- Oncology	WS95 - Saturday - 16:00-18:00 - The Basics of Brain MRI, with a Twist	C07 - Friday - 16:00-20:00 - Role of amyloid-beta peptide in synaptic plasticity and memory, from physiology to Alzheimer's disease
Badea	Oana	Passive	WS538 - Saturday - 10:00-12:00 - Axillary Dissection	WS72 - Friday - 16:00-18:00 - How to read an X-ray	C09 - Saturday - 12:00-14:00 - Digital health trends
Badr	Mustafa	Passive	WS532 - Saturday - 08:00-13:00 - RSSS mini Skills in Bowel Surgery	WS72 - Friday - 16:00-18:00 - How to read an X-ray	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Baku	Octavian Ilarian	Passive	WS516 - Friday - 16:00-18:00 - Personalised medical approach- genome-mapping	WS95 - Saturday - 16:00-18:00 - The Basics of Brain MRI, with a Twist	C05 - Friday - 11:00-13:00 - What about sports cardiology?
Bălăulescu	Maria-Alexandra	Passive	WS511 - Thursday - 16:30-20:00 - RSSS mini Skills in Thoracic Surgery	WS57 - Friday - 16:30-18:30 - Basic Ophthalmology Skills	C06 - Friday - 16:00-18:00 - Trauma assessment and management
Bairami	Dorion	Passive	WS526 - Friday - 16:00-18:00 - RSSS mini Skills in Cardiovascular Surgery: Aortic Valve Replacement	WS58 - Saturday - 10:00-12:00 - Clinical Case: Oncology	C03 - Thursday - 12:00-14:00 - A general review of different topics of surgery
Balcan	Andreea Cristina	Passive	WS504 - Thursday - 16:00-20:00 - RSSS mini Skills in Bariatric Surgery	WS92 - Saturday - 11:30-13:30 - Clinical Case: Nephrology	C04 - Friday - 11:00-13:00 - Surgeon opinions vs patient's features: how to choose the best breast reconstructive option!
Balan	Theodora Ana	Active	WS529 - Saturday - 16:00-18:00 - Healthcare Informatics- Neurology	WS65 - Friday - 1:30-13:30 - The importance of microscopy techniques in establishing the etiology of multiorgan fungal infections	C02 - Thursday - 15:30-17:30 - Sciences and Humanities
Balan	Lavinia Cristina	Passive	WS528 - Friday - 16:30-20:00 - RSSS mini Skills in Thoracic Surgery	WS57 - Thursday - 16:00-18:00 - How to read an X-ray, Advanced principles and trauma management	C01 - Thursday - 12:00-14:00 - 3D Printing in Medicine: The New Age of Personalised Treatment
Balint	Blanca Andreea	Passive	WS541 - Saturday - 16:00-20:00 - Basic Skills in Microsurgery	WS91 - Saturday - 11:30-13:30 - Clinical Case: General Surgery	C03 - Thursday - 17:00-19:00 - Surgeon opinions vs patient's features: how to choose the best breast reconstructive option!
Balout	Mohamed	Passive	WS523 - Friday - 16:00-20:00 - Basic Skills in Microsurgery	WS96 - Saturday - 16:00-20:00 - Healthcare innovation for medical students	C03 - Thursday - 17:00-19:00 - Surgeon opinions vs patient's features: how to choose the best breast reconstructive option!
Bansah	George	Passive	WS550 - Sunday - 08:00-13:00 - RSSS mini Skills in Gynaecology	WS58 - Thursday - 16:00-20:00 - Clinical Case: Gastroenterology	C01 - Thursday - 12:00-14:00 - 3D Printing in Medicine: The New Age of Personalised Treatment
Baru	Alexandra Elena	Passive	WS549 - Sunday - 08:00-13:00 - RSSS mini Skills in Plastic and Reconstructive Surgery	WS56 - Thursday - 17:00-20:00 - Interventional Radiology	C05 - Friday - 11:00-13:00 - What about sports cardiology?
Barataru	Andreae Ioana	Passive	WS506 - Thursday - 16:00-20:00 - RSSS mini Skills in Hepato-Biliary Surgery	WS58 - Saturday - 09:00-12:00 - Flow-Cytometry	C01 - Thursday - 12:00-14:00 - 3D Printing in Medicine: The New Age of Personalised Treatment
Baran	Oana	Passive	WS541 - Saturday - 16:00-20:00 - Basic Skills in Microsurgery	WS53 - Thursday - 09:00-11:00 - Clinical Case: Paediatric Surgery	C01 - Thursday - 12:00-14:00 - 3D Printing in Medicine: The New Age of Personalised Treatment
Baranov	Gabriela	Passive	WS548 - Sunday - 08:00-13:00 - RSSS mini Skills in Vascular Surgery	WS57 - Friday - 16:30-18:30 - Basic Ophthalmology Skills	C10 - Saturday - 17:00-19:00 - A general review of different topics of surgery
